Line #	Action	Audio	Take
1		Nature Sights and Sounds	
2		Let’s play Nature Sights and Sounds!	
3	Scene selector page	Choose your nature scene!	
4	Scene selector page	Mr Dog's house!	
5	Scene selector page	Desert!	
6	Scene selector page	Town	
7	Scene selector page	River	
8	Onboarding	Choose this sticker from the tray and drag it to the scene.	
9	Onboarding	You can put your sticker on the glowing dots.	
10	Onboarding	Try placing a sticker in a different spot to see what else it does	
11	Onboarding	Ooh, listen... what do you hear?	

12	Onboarding	This is so cool! Let's add more stickers to the scene!	
13	Onboarding	To remove a sticker, just drag it back down to the tray.	
14	Additional Support	It's sounding amazing!	
15	Additional Support	I love listening to these sounds.	
16	Additional Support	Have you heard sounds like this in Nature before?	
17	Additional Support	It sounds like nature's own music.	
18	Additional Support	Amazing! You added all the stickers into the scene. Now take a moment to listen to what you have made.	
19	Additional Support	What new sounds can you discover?	
20	Additional Support	It's sooo much fun playing in the rain!	
21	Additional Support	Woohoo! Plants need rain water to live and grow.	
22	Additional Support	Rain! It gives plants and animals water. All living things need water to live.	

23	Additional Support	The rain has made puddles. Jumping in them is so much fun!	
24	Additional Support	Wow, can you hear the thunder? it's sooooo cool.	
25	Additional Support	The lightning in the sky is so pretty.	
26	Additional Support	Look at those leaves blowing in the breeze!	
27	Additional Support	Easy Breezy	
29	Additional Support	Look, the flowers are getting blown around.	
30	Additional Support	Ooh, listen to the wind whistling through the air.	
31	Additional Support	Woah, this wind would be great for flying a kite!	
32	Additional Support	Hooray! Senor Tapir is playing his guitar. I wonder how it will sound if the weather changes.	
33	Additional Support	What do you hear?	
34		Can you tell what something is by its sound?	

35		Why do you think animals make these sounds?	
36		How many different sounds can you hear?	
37		What do you observe?
